About Penco Products

Stack It, Store It, Secure It

The need for storage products is universal and Penco has grown a wide spectrum of solutions to fill that need. In doing so, Penco has become one of America's largest and most trusted suppliers of storage and work-area products. With state-of-the-art US manufacturing facilities in the both the East and West, and eight QuickShip Distribution Centers strategically located throughout the United States and Canada, Penco is positioned to best serve your needs.

Market sectors served by Penco include educational, healthcare, and government facilities, as well as offices, manufacturing companies, distribution warehouses, retail outlets, sports arenas and community parks.

Shelving and pallet rack products are popular with warehousing and manufacturing applications, ranging from a few units to multi-level installations.

Lockers are widely used in educational facilities, fitness centers, healthcare, commercial and industrial locations.

Other products such as storage cabinets, work benches and shop furniture are used wherever material gets shipped, received or stored.

Garment Dispenser System

Stage 1

LOADING

Penco's Full Feature Garment Distribution Lockers feature a large main door for Route Sales Representatives to easily open and load freshly laundered hanging or folded garments at each customer's facility.

Stage 2

EFFICIENT DISTRIBUTION 24 HOURS A DAY

Throughout the workday, customer employees have 24 hour access to the Penco Full Feature Garment Distribution Locker for obtaining freshly laundered garments. Penco Full Feature Laundry Lockup is also available 24 hours a day for dropping off soiled garments that require cleaning.

Stage 3

CENTRALIZED RECOVERY

Penco's Full Feature Laundry Lockup Lockers offer a central point for Route Sales Representatives to recover soiled garments which require laundering.

Garment Dispensing Lockers

Penco Products, Inc. builds upon 50 years of experience in the design, fabrication and sales support of garment lockers through its acquisition of Steiner System, an industry trailblazer and leader. This experience, combined with Penco's 140 year history of providing a full range of storage solutions, achieves an unmatched level of expertise to ensure a superior product and high level of customer support.

Our wide spectrum of professional garment distribution lockers includes hanging garment dispensers, folded garment dispensers, laundry lockups and towel and linen control centers. These robust products are designed and built to provide the end user with many years of uninterrupted service.

The sturdy steel construction features a 16 gauge frame, 18 gauge door and 24 gauge sides. For metal finishing, we employ the latest in powder coating technology. Unlike liquid paint systems, powder coating becomes part of the steel surface, not just attached to it. Using melted plastic powders, the durability has been proven in tests to last three times longer than standard paint finishes.

Additional Lockers From Penco Products

Vanguard

Penco's traditional range of steel lockers designed for many uses including school corridor lockers and employee lockers

Guardian

A step up from Penco's Vanguard lockers built on the same traditional features with enhancements and additional options

All-Welded

For superior resistance to hard use, all body parts are welded into a single rigid unit to resist damage

Invincible II

Athletic lockers offering a high degree of ventilation and strength, or where visual inspection of contents is desired

Angle Iron

Built around a 1/8" thick angle iron frame with diamond perforated doors and sides to offer both improved rigidity and air flow

ProTough

Athletic lockers built with a 3/4" square tubular frame and extra heavy-duty sides and bottoms welded together

Stadium Lockers

Penco's Stadium® lockers are ideally suited for athletic team rooms to store helmets, uniforms and gear

Patriot Lockers

Gear and Turnout lockers engineered and built for first responders of all kinds, loaded with upgrades and accessories

Aquarian Lockers

Solid plastic HDPE lockers for wet and humid conditions found in recreational, medical and outdoor applications

Penco

Storage Products

Industrial Shelving

Penco Products manufactures a wide variety of shelving products. Clipper® and Erectomatic® Hi-Performance® shelving feature adjustable strong box beam shelves and post systems capable of supporting high-rise and multi-level installations. Wide Span shelving specializes in storing goods that are wide, high and bulky with extreme ease of assembly. RivetRite® boltless shelving's simple design offers an economical solution to most storage problems, from the small back room to the multi-level archive storage system.

Shop Furniture

Penco's products in the Shop Furniture line can make your work environment more comfortable and efficient. Various configurations of work benches, carts and stools can be combined to help organize any work area for maximum productivity.

Lockers

Penco has locker solutions for schools, recreation centers, health clubs, hospitals, back office and industry break rooms, while at the same time delivering the widest range of solutions to serve first responders in the military, law enforcement and fire and rescue profession.

Pallet Rack

Penco pallet rack is a carefully engineered system designed to provide highly efficient storage of palletized items. High strength steel and efficient design achieve a superior strength-to-weight ratio that makes Penco Rack one of the best values for your storage dollar. A wide range of sizes, capacities and accessories enables Penco pallet rack to handle virtually any job you can give it.

Storage Cabinets

Penco's E-Z Bilt Cabinets are an ideal solution to storage needs in offices, plants, schools and institutions. The contemporary design and attractive powder coat baked enamel finish is compatible with any decor. Design features include a recessed handle with built-in lock and two keys. Available in several models and sizes.

Hygiene

Penco's Hygiene Line offers one of the most complete product selections on the market today, including soap and lotion dispensers and refills as well as air fragrance cartridge dispensers.

Metal Fabrication Group

Corporate Information

Industrial Manufacturing Company (IMC)

The parent company of Penco and its affiliates in the Metal Fabrication Group is Industrial Manufacturing Company (IMC). IMC and its international arm, IMCI, are a proud family of companies that produce a wide variety of innovative products for industry. With more than 3,500 employees and 30 worldwide manufacturing, sales and distribution facilities, it produces aircraft and aerospace ducting systems, gears, lubrication systems, bleachers, steel and plastic lockers, storage systems, steel mezzanines, high-performance strainers, car and truck components, industrial hoses and industrial expansion joints.

Although each IMC and IMCI company operates independently, common to all of them is a profound respect for the integrity of established industrial principles and a practical openness to applications of new technology. With individual histories spanning decades – and in two cases more than a century – the IMC and IMCI companies are time-tested leaders in their national and global markets.

Each IMC and IMCI subsidiary strives to tailor its products and services to the wishes of its customers, and each company's success has been built on the development of enduring customer relationships. They take pride in providing not only products of consistently high quality, but also in flexible and responsive service and in realistically competitive prices.

All Star Bleachers, Inc.

For more than 50 years, All Star has been a leading designer and manufacturer

of bleachers and grandstands for indoor and outdoor seating applications. All Star takes pride in providing products of consistently high quality, responsive service and realistically competitive prices. Products range from a simple team bench to a grandstand that meets the VIP seating requirements of a NASCAR race. Visit www.allstarbleachers.com

Schmidt Structural Products, Inc.

For over 40 years, Schmidt Structural Products, Inc. (formerly W.A. Schmidt) has designed, manufactured and installed structural steel mezzanines to vertically expand floor space quickly and economically. A mezzanine can double or even triple existing space at up to 80% less than the cost of a building addition. Visit www.schmidtstructural.com

Quality Metal Products

Quality Metal Products (QMP) designs and manufactures storage equipment and outdoor shelters for use in the workplace. Its metal fabricated products include lockers, storage cabinets, modular drawers, work benches, bicycle racks and shelters. Market sectors served by QMP include educational, health, and government facilities, as well as offices, manufacturing companies, retail outlets, sports arenas and community parks.

Established in 1958, QMP is located in the West Midlands, the historical heartland of manufacturing in the UK. Their manufacturing facility occupies over 107,000 square feet and includes state of-the-art metal fabrication equipment including CNC blanking and CNC forming in addition to powder coating and robotic welding.
